## 01 The ten clinics at a glance

CLINIC	BEST SUITED TO	SETTING
<b>Bayberry</b> Warwickshire	Bespoke, one to one care. Standalone mental health, complex personality disorders including EUPD, brain injury. Neuroscience and trauma informed.	Grade II manor, max four clients
<b>Sanctuary Lodge</b> Essex	Complex and dual diagnosis presentations, on site gym, nurse led detox.	24 rooms, near London
<b>Primrose Lodge</b> Surrey	Premium South East option, strong holistic programme, gambling programme.	19 en suite, gym and gardens
<b>Banbury Lodge</b> Oxfordshire	Young people from 16, and dedicated eating disorder programmes. One of few UK clinics for either.	22 beds
<b>Oasis Runcorn</b> Cheshire	A choice of the 12 step programme or the secular Strengths Model. Accessible cost.	The only rehab in England to run both
<b>Oasis Bradford</b> West Yorkshire	Complex, higher risk detox with 24 hour nursing, including physical harm from ketamine use.	17 bed nursing unit, 365 days
<b>Liberty House</b> Bedfordshire	Lower cost private detox and rehab, under an hour from London. 12 step and DBT.	20 beds, single en suite
<b>Linwood House</b> South Yorkshire	The North's larger, longer stay option, with a dedicated detox phase and family programme.	One of the group's larger clinics
<b>Recovery Lighthouse</b> West Sussex	The smallest, most intimate clinic. A calm, low stimulation setting that suits neurodivergent clients well.	13 bedrooms, on the seafront
<b>The Providence Projects</b> Dorset	The full pathway under one provider, primary through to sober living. Strong on chronic relapse. 30 years, 10,000+ treated.	Beachside campus, 44 beds

Higher acuity, 24 hour nursed detox is available at Oasis Bradford, Linwood House and The Providence Projects. Every clinic is CQC registered, with each clinic's live report published on our website.

### WHEN YOU REFER

#### One point of contact

The admissions team owns your referral end to end, and helps you match the patient to the right clinic.

### WHILE IN TREATMENT

#### You stay informed

With your patient's consent, we contact you within hours of arrival, the counsellor within 48 hours, and update you as often as you want.

### AT DISCHARGE

#### Handed back to you

A discharge letter within 24 hours, medicines reconciled, a continuing care plan, and a fast track back if the patient relapses.

## 03 Insurance and funding

### Recognised insurers

We work with the UK's leading private medical insurers, including Bupa, AXA, Cigna, WPA and Healix. If your patient is covered, we can handle the authorisation with their provider.

### Self funding

Fees vary by clinic and length of stay and cover accommodation, the full therapeutic programme, treatment medication and aftercare. We will give a clear figure on the first call.

## 04 What you receive back

### EVERY DISCHARGE LETTER INCLUDES

- Presenting problem, assessment and the treatment delivered
- A reconciled, accurate list of medicines on discharge
- An individualised continuing care and relapse prevention plan
- Clear handover of clinical responsibility back to you
- Sent to you within 24 hours of discharge, in line with NICE standards
